RE: Operations Advisory-Speed Control Installation near Building 9032 Parking Lot

The installation of Speed Control Humps in the east access lane of the building 9032 parking lot will be performed on **Wednesday October 26, 2011** from **6 AM to 6 PM**. Access to and from the parking lot will be redirected by the installation contractor throughout the day.

Please see the attached map indicating the locations of the installations. Occupants should watch for direction and information signs in the area that the contractors will be working and adjust their driving patterns accordingly.

If you should have any questions please do not hesitate to contact Max Mote at 799-7810 or email at max.mote@grubb-ellis.com. In addition, please visit www.uastp.com to stay informed on recent operations advisory announcements.

Thank you
